- Bulk packed in standard packs of 18
- Two-year warranty from consumer date of purchase

FUEL SYSTEMS- NEW PRODUCT

14 Gallon Gas Walker

520098

Features and benefits:

Access to portable fuel is a must. Moeller's EPA and CARB approved Gas Walker offers a portable, quick-fill solution with a generous 14-gallon storage capacity.

- Gravity fed design – No siphon or pump needed
- 6" heavy-duty tires
- 10' corded reinforced hose
- Vented fill cap
- Dual mechanical shut-off valves
- Spring-loaded nozzle for easy dispensing
- Manufactured with thick walls of HDPE to control expansion and wheel rubbing
- Packaged in a high visibility POP box
- Replacement parts are also available

ACCESSORIES- NEW PRODUCT

Drain Plug Dock

Features and benefits:

Never lose or forget drain plugs or safety lanyards again! Moeller’s new drain plug docking kits provide a storage location for the boat's drain plug and safety lanyard. This provides a great reminder for the operator to install the drain plug and to attach the “kill switch lanyard” which is required for boat operation per USCG regulations.
